Miller Nelson Instruments Price List

Effective 3/21/2019

Systems that can be delivered in 4-6 weeks.

Model	Flow-temp-humidity Control System	Price
HCS-501-20	Flow Range 2-20 LPM*	\$19,900
HCS-501-50	Flow Range 5-50 LPM	\$19,900
HCS-501-100	Flow Range 10-100 LPM	\$19,900
HCS-501-200	Flow Range 20-200 LPM	\$19,900
HCS-501-250	Flow Range 25-250 LPM	\$19,900
HCS-501-300	Flow Range 30-300 LPM	\$19,900
HCS-501-500	Flow Range 50-500 LPM	\$19,900

* To achieve flow rates less than 2-20LPM, utilize the HCS-501-20 and a low range flow controller transducer (ADF-2426) to step down the flow rate to the desired level. Custom instruments quoted upon request.

All HCS-501 series systems control ambient +2 to 35°C (or 20 to 35°C with cooling option) and 20 to 85% RH at 25°C. They come complete with regulators. All control systems use 120VAC, 50-60 Hz.

Accessories

	Price
Item CP-200, Cooling Option, for HCS	\$250.00
Item EC-501, External Control Option for HCS	\$1500.00
Item SJP-200b-5, Temperature-humidity probe w/ electronics & cable (HCS-501)	\$1095.00
Item SJP-200b-4, Temperature-humidity probe w/ electronics & cable (HCS-401)	\$1095.00
Item 4512, Tee adapter for SJP-200b slip in probe	\$96.00
Item SV-2000 Solvent Vapor Generator	\$1875.00
Item ADF-2426 Flow controller power supply with cable	\$1575.00
Item MN-PWV, Pressurized Water Vessel	\$1195.00
Item MN-RHCC, RH Calibration Chamber	\$295.00

Prices valid for instrumentation sold and used in USA and Canada. Prices subject to change without notice.

Terms: Net 30 days, FOB Livermore, CA
